

# Professor Sarah Heilshorn

*Director, Geballe Laboratory for Advanced Materials (GLAM), Professor of Materials Science and Engineering and, by courtesy, of Bioengineering and of Chemical Engineering*

## Education:

- Ph.D., Chemical Engineering  
*Caltech* (2004)
- M.S., Chemical Engineering  
*Caltech* (2000)
- B.S., Chemical Engineering  
*Georgia Tech* (1998)

Source: <https://web.stanford.edu/group/heilshorn/index.html>

## Research Focus:

- Protein engineering
- Tissue engineering
- Regenerative medicine
- Biomaterials

## Personal History/Pathway to STEM:
